LINC, INC. TO RECEIVE COMMUNITY FOOD SYSTEMS TRAINING

Leading Into New Communities (LINC), Inc. will travel to Milwaukee in February for the “Growing Your Community Food Systems ‘From the Ground Up’ Workshops” hosted by Growing Power. Growing Power is a national nonprofit organization and land trust that provides training, demonstration, outreach and education towards providing equal access to healthy and affordable foods for people in all communities. The workshops will prepare LINC, Inc. to create Community Food Systems in Wilmington, NC that help people grow, process, market and distribute food in an equitable and sustainable manner. LINC, Inc. staff will return with a plan to use the new knowledge towards growing food for residents of M.E. Roberts Transitional Living Facilities, providing employment and entrepreneurial opportunities for individuals returning from incarceration and making healthy, locally grown produce available to Wilmington’s inner city. For more information or to become involved, visit www.lincnc.org or call [\(910\) 762-4635](tel:9107624635).
